DETAILED ACTION

Specification

The abstract of the disclosure is objected to because it is not on a separate sheet. Correction is required. See MPEP § 608.01(b). A new abstract did not accompany the last communication.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 12-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 12 is vague since no structure (i.e., material configured to be positioned on a head) is set forth to actually define the cap with the electrodes attached to the material.

Allowable Subject Matter

Claims 1-10 and 17-19 are allowed.

Claims 12-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
